WEST VIRGINIA UNIVERSITY

Annual Security Report and Annual Fire Safety Report

December 2020

Reflects statistics from January 1, 2017 through December 31, 2019 for WVU’s Morgantown Campus (Downtown, Evansdale, and Health Sciences)

A printed copy of this report is available upon request.

II. Preparation of this Report

West Virginia University (WVU) provides this Annual Security Report and Annual Fire Safety Report in compliance with the Disclosure of Campus Security Policy and Campus Crime Statistics Act, 20 U.S.C. §1092(f), also known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The purpose of the Clery Act is to provide important information about the safety and security of college communities to enable people to make informed decisions about college for educational or employment purposes.

Preparation of this Report is primarily the responsibility of the West Virginia University Police Department (“UPD”) in coordination and conjunction with a variety of other units on-campus, including the General Counsel’s Office; Student Life, including the Offices of Student Conduct and Housing and Residence Life; Division of Diversity, Equity and Inclusion/Title IX Coordinator; Athletics; Leasing and Land Transactions; University Relations; and Environmental Health and Safety. The University prepares and publishes this report to inform the WVU community about campus security policies and procedures, programs designed to prevent and respond to certain crimes, and specific statistics for certain criminal incidents, arrests, and disciplinary referrals reported throughout the previous three calendar years as it relates to the campus in Morgantown. The statistics are gathered from the UPD as well as from other Campus Security Authorities (as defined by the Clery Act) and certain outside police departments. For additional information on Campus Security Authorities, see section IV of this Report.

Typically, WVU distributes this Report by October 1 to the Campus Community by email. This year, however, given the unique and unfortunate circumstances surrounding the global pandemic, the Office of Postsecondary Education at the Department of Education allowed institutions until December 31, 2020 to distribute the Report.1

The Campus Community includes all persons who work at, attend, or have a vocation with the University. The distribution email includes the web address where the Report is posted and information on how to obtain a hard copy of the Report. The link to the Report is also distributed to prospective students and prospective employees. Anyone, including prospective students and prospective employees, may obtain a hard copy of this report by calling UPD at 293-2677 (COPS), 293-3136, or by visiting UPD at 992 Elmer Prince Drive, Morgantown, West Virginia 26505. Using the LiveSafe app, you can also notify UPD directly. The Clery Act statistics published in this Report are also provided to the Department of Education electronically.

---

III. About the University & Its Police Department

A. Overview of West Virginia University

West Virginia University is a public land-grant institution, founded in 1867. The WVU Board of Governors is the governing body of WVU. The Higher Education Policy Commission in West Virginia is responsible for developing, establishing, and overseeing the implementation of a public policy agenda for the state’s four-year colleges and universities. E. Gordon Gee is WVU’s 24th and current president. The University is accredited by the Higher Learning Commission and, in Fall 2019, WVU’s enrollment was 26,839 in Morgantown.

B. Role, Authority, and Training of UPD

In West Virginia, pursuant to W. Va. Code § 18B-4-5(a), the governing boards of institutions of higher education “may appoint qualified individuals to serve as campus police officers upon any premises owned or leased by the State of West Virginia and under the jurisdiction of the governing boards . . .” Accordingly, at WVU, the University employs approximately 57 state certified and sworn police officers, which makes the West Virginia University Police Department among the largest police organizations in the state.

The West Virginia University Police Department is a full service, 24/7 police organization which serves the University community and the surrounding area. The authority granted to UPD officers is also found in W. Va. Code § 18B-4-5. Specifically, the code provides that “[i]t is the duty of a campus police officer to preserve law and order: (1) On the premises under the jurisdiction of the governing board; and (2) On any street, road, or thoroughfare, except controlled access and open country highways, immediately adjacent to or passing through premises, to which the officer is assigned by the president of the institution.” W. Va. Code § 18B-4-5(c). Officers have and “may exercise all the powers and authority of a law-enforcement officer as to offenses committed within the area assigned” and “is subject to all the requirements and responsibilities of a law-enforcement officer[.]” W. Va. Code § 18B-4-5(c)(2)(B)-(C).

Before beginning as a campus police officer, UPD officers must qualify as is required of county police officers by taking an oath of office and posting an official bond as required by the W. Va. Code. Further, they must attend and complete the West Virginia Basic Law Enforcement Academy, which is in Dunbar, West Virginia. Additional training is provided by the UPD training division which includes areas such as sex crimes, illicit drugs and abuse, self-defense, domestic violence, crime prevention, traffic stops, First Aid/CPR/AED and various community policing topics as well as recertification courses.

C. Relationship with Local, State, and Federal Enforcement Agencies

UPD works closely with all local, state, and federal law enforcement agencies. W. Va. Code § 18B-4-5(c)(2)(E), (F) provides that “[c]ampus police officers may assist a local law-enforcement agency on public highways” and, more importantly, “may assist a local law-enforcement agency in any location under the agency’s jurisdiction at the request of the agency.”
Similarly, West Virginia Code, specifically W. Va. Code § 15-10-4, allows for campus police to enter into agreements with other law enforcement entities to provide assistance and cooperation to another agency if requested to do so in writing. To that end, UPD has entered into such assistance agreements with a variety of other local law enforcement agencies, most notably the City of Morgantown.

**D. Monitoring & Reporting Off-Campus Criminal Activity, including at Noncampus Locations of Officially Recognized Student Organizations**

The University does have officially recognized student organizations that have housing facilities “off-campus”, including fraternity and sorority houses that are owned or controlled by recognized student organizations. For the most part, these housing facilities are located in downtown Morgantown close to campus. Given that, UPD and the Morgantown Police Department (MPD) entered into an agreement for the area where most off-campus student organizations are housed, which is referred to as the Cooperative Zone. UPD assists MPD by having the primary responsibility for providing routine patrols of the Cooperative Zone and responding to calls and complaints of civil or criminal disturbances occurring within the Cooperative Zone.

In other areas of Morgantown, MPD may be the primary and only law enforcement agency involved. Because of this, the University does request that MPD monitor criminal activity at all other off-campus locations controlled by student organizations, and if MPD responds to those locations as the result of a complaint, it will typically notify UPD to respond with them, or it will notify UPD after it responded to inform the University of the situation. However, MPD does this out of courtesy and is not “required” to notify or involve the University when it responds to a call involving private property. Additionally, each year, the University sends MPD an official correspondence seeking crime statistics within the University’s Clery Geography, to include both noncampus and public property. In that correspondence, the University also asks that MPD notify UPD immediately upon the occurrence of any Clery related crimes that pose a serious or continuing risk to the University communication in order to evaluate the University’s timely warning obligations.

Finally, MPD will also send police reports to the Office of Student Conduct if it has information that the individual involved is a student at the University. This is because the University’s Student Code of Conduct applies to incidents that occur off-campus, regardless of whether the location involved is Clery Geography, including an unrecognized student organization. Specifically, the Campus Student Code applies to conduct that occurs on University premises; at University sponsored activities; to conduct that does not occur on University premises but adversely affects or interferes with the educational or orderly operation of the University, its mission, or the pursuit of its objectives; to conduct that does not occur on University premises but, in light of all of the facts and circumstances, would endanger the health, safety, or property of the University, the University Community, or its neighboring communities; and to conduct that occurs on or off of University premises or property which violates federal, state, or local laws, policies of the West Virginia University Board of Governors, institutional or campus rules or regulations, directives of University officials, including failing to observe standards of conduct which are appropriate for an academic institution.
IV. Security of & Access to Campus Facilities

A. Security Considerations Used in the Maintenance of Campus Facilities

The University strives to make its facilities available to students, faculty, and staff so they may pursue their educational goals and missions. This availability requires a balance with security needs. The University does not lock down all its facilities, giving a military appearance to University facilities. For this reason, many of our academic and administrative buildings are accessible during all hours with appropriate clearance.

UPD proactively patrols the campuses in Morgantown. Though rarely needed, 32 emergency phones located throughout campus summon emergency help quickly.

The University Police Department, Facilities Management, and others are committed to maintaining a safe environment by evaluating lighting, shrubs and bushes and facility design. The University encourages the campus community to report any hazards or concerns to UPD by dialing 3-COPS (3-2677) on-campus phones, or 304-293-COPS on non-campus phones.

B. Security of and Access to University Facilities (Residential)

Residence hall facilities are staffed 24 hours a day, seven days a week, by trained professional and student staff who serve as resource persons for each resident. The residence halls are open during the day from 7:00 a.m. to 9:00 p.m. The Night Staff supervises security and safety in the residence halls from midnight to 7:00 a.m.; the outside entrances are locked, and the buildings are patrolled from 9:00 p.m. until the residence hall staff unlocks them in the morning. No person may enter the residence halls after 9:00 p.m. without presenting a valid resident identification card. For a full list of policies and community standards of conduct in the residence halls, including information on other safety and security guidelines, please see:

https://housing.wvu.edu/policies/residence-halls

In addition to residential hall facilities, the University also has University Apartments. University Apartments consists of four unique properties: College Park, University Park, University Place, and Vandalia. Where possible, University Apartments staff manage exterior door access electronically. University Apartments staff works diligently to provide a secure environment for residents while minimizing inconveniences. Residents are encouraged to keep their room doors and windows locked, keep exit doors secured, and report any unusual circumstances to the University Police Department via the LiveSafe App or by calling (304) 293-COPS (2677). Each property is routinely patrolled by the University Police Department. Review and follow up of incidents occur daily by executive management and property managers at each property. For a full list of the policies and the University Apartments handbook, please see:

https://universityapartments.wvu.edu/faq/university-apartments-handbook
V. Reporting Crimes or Other Emergencies

A. Accurate & Prompt Reporting

Students, faculty, staff and visitors are encouraged to promptly and accurately report all crimes and public safety-related incidents to the UPD or the appropriate local police agency, including when the victim elects to, or is unable to, make such a report. Crimes and incidents should be reported as soon as possible for the purpose of making timely warning or emergency notification reports to the community, and for inclusion in the annual statistical disclosure.

B. Where & How to Report

West Virginia University is a member of the 911 Emergency Services Network. To report a crime in progress or an emergency, contact the University Police by dialing 911 from any University (293) exchange. Anyone can also contact the department at (304) 293-3136 for non-emergencies. If anyone would like to file a report, the department is located at 992 Elmer Prince Drive. Also, for safety, the University has 32 emergency phones located across our campus in high traffic areas. The locations of these phones are identified on the following maps:

/ Downtown Campus blue phones
/ Evansdale Campus blue phones
/ Health Sciences Center blue phones

The University also strongly encourages individuals to report all crimes or suspicious activities that are witnessed while on campus. Crimes should be reported to the UPD for the purpose of making timely warning reports to the community and for annual statistical disclosure, even if the victim elects not to prosecute or pursue the investigation.

1. Reporting to UPD

UPD collects and reports statistics for murder, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, manslaughter, arson, domestic violence, dating violence, stalking, theft, simple assault, intimidation, and destruction of property when the victim is intentionally selected because of actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability of the victim.

2. Reporting to Designed Campus Security Authorities

Individuals may also report incidents to the following individuals, who receive requests for crime statistics each year and forward such reports to UPD:
C. WVU Response to Incident Reports

UPD will make every reasonable effort to promptly and professionally resolve any problem reported to the department. In response to a call, UPD will take the required action, either dispatching an officer or asking the victim to report to UPD to file an incident report. UPD incident reports involving violations of the law or the Campus Student Code are also forwarded to the Office of Student Conduct and the Office of Housing and Residence Life for potential action, as deemed appropriate. Individuals may be arrested for violations of the law. If assistance is required from the Morgantown Police or Fire Department, UPD will contact the appropriate unit. If a sexual assault should occur, staff on the scene, including UPD, will offer the victim a wide variety of services. Cases involving Domestic Violence, Dating Violence, Stalking and Sex Offenses are shared with the Division of Diversity, Equity and Inclusion, which is responsible for Title IX compliance and equity assurance.
D. Voluntary, Confidential Reporting Options

Crimes or other public safety-related incidents may be reported on a voluntary, anonymous basis for statistical inclusion in this report, by utilizing the LiveSafe App, which is discussed in more detail below in Section VII.

Licensed mental health professionals and pastoral counselors may refer persons whom they are counseling to report crimes on a voluntary, confidential basis for statistical inclusion in this Report. However, licensed mental health professionals and pastoral counselors, when acting as such, are not considered to be a Campus Security Authorities for Clery Act purposes and are not required to report crimes for inclusion into the annual crime statistics contained in this Report.
VI. WVU Notifications

There are three types of notifications utilized by the University as it relates to crime and emergency issues.

The following chart generally summarizes those notifications and then the following two sections discuss Timely Warnings (Campus Warnings) and Emergency Notifications (WVU Alerts) in much greater detail.

<table>
<thead>
<tr>
<th></th>
<th>Emergency Notification/WVU Alert</th>
<th>Timely Warning/Campus Warning</th>
<th>Community Notice&lt;sup&gt;3&lt;/sup&gt;</th>
</tr>
</thead>

</tr>
<tr>
<td><strong>Method of Communication?</strong></td>
<td>Text messaging through the WVU Alert System; Infostations, posted on Social Media</td>
<td>E-mail</td>
<td>Manner Consistent with its Objective</td>
</tr>
</tbody>
</table>

Community Notices are not required and are solely issued at the discretion of the University.
VII. Timely Warnings (Campus Warning)

A. Statement of Policy

The University will issue a Timely Warning to the campus community for Clery-reportable crimes occurring on the University’s Clery Act geography that are reported to Campus Security Authorities or local police agencies, and that are considered by the University to represent a serious or continuing threat to students and employees. These Timely Warnings are sometimes labeled as Campus Warnings when issued.

Clery Reportable Crime means crimes required by the Clery Act to be reported annually to the University community, including: criminal homicide (murder and negligent/non-negligent manslaughter); sex offenses (rape, fondling, statutory rape, and incest); robbery; aggravated assault; burglary; motor vehicle theft; arson; hate crimes (including larceny-theft, simple assault, intimidation, or destruction/damage/vandalism of property that are motivated by bias); dating violence; domestic violence; stalking; and arrests and referrals for disciplinary action for any of the following: (a) liquor law violations, (b) drug law violations, and (c) carrying or possessing illegal weapons.

Clery Act geography, in general, means: on campus buildings or property, including residence complexes, noncampus property that University owns, leases, or controls (includes locations such as fraternities, athletic travel or study trip where there is extended or repeated use), and certain public property within or immediately adjacent to campus.

Whether an incident constitutes a serious or continuing threat to students and employees is a case-by-case determination. In general, this means that there is a risk of students or employees becoming victims of a similar crime. For example, if a robbery is reported on campus and the alleged perpetrator has not been caught, the risk is there. If the alleged perpetrator was apprehended, there may be no continuing risk if the perpetrator acted alone. Other questions that may be asked are: does a criminal incident appear to be a one-time occurrence, or does it fall into a pattern of reported crimes? For example, if students set some posters on fire after the football team lost the homecoming football game, the arsons are probably a one-night event. If an unknown person was randomly setting fires, this would pose a continuing threat.

B. Statement of Procedures

Circumstances for a Timely Warning (Campus Warning). A Timely Warning (Campus Warning) will be issued when (1) a Clery Reportable Crime occurs on Clery Geography; (2) the Clery Reportable Crime is reported to a Campus Security Authority or local police; (3) the Clery Reportable Crime is considered to represent a serious or continuing threat to the University students or employees; and (4) the Timely Warning (Campus Warning) will aid in the timely prevention of similar acts.

Clery Reportable Crimes. Typically, Clery Reportable Crimes such as arson; aggravated assault; criminal homicide; robbery; burglary; rape, fondling, incest, statutory rape; and hate crimes may initiate a Timely Warning (Campus Warning). However, as necessary, and at the discretion of the
University Police Chief or designee, Timely Warnings (Campus Warnings) may be issued for other crimes if they pose a serious or continuing threat to the members of the University Community.

Exceptions. The University will not provide a Timely Warning (Campus Warning) with respect to crimes reported to a pastoral or professional counselor.

Victim Information. Timely Warnings (Campus Warnings) will be distributed in a way that withholds as confidential the names and other identifying information of victims.

Factors for a Timely Warning (Campus Warning). In determining whether to issue a Timely Warning (Campus Warning), the following factors will be considered:

i. The nature of the crime, including whether it was an isolated incident or something that poses a continuing threat, whether violence was part of the crime, whether there were multiple victims, whether any victims were minors, and whether a suspect utilized drug(s) as part of the crime;

ii. The continuing danger to the University Community, including whether Members of the University Community are at risk of becoming victims of a similar crime, whether the alleged perpetrator has been apprehended; whether there were multiple perpetrators and some have not been apprehended; whether the perpetrator(s) has a history of non-compliance with University issued directives, such as a trespass notice; whether the perpetrator(s) has a history of violence; and whether there are signs of a pattern of crimes;

iii. The possible risk of compromising law enforcement efforts, including whether specific information should be included or omitted given law enforcement efforts, such as investigatory actions being undertaken.

Responsibility for a Timely Warning (Campus Warning). The University Police Chief will be responsible for issuing a Timely Warning (Campus Warning) in consultation with the appropriate personnel involved in Clery compliance. University Relations will be responsible for assisting in the delivery of the Timely Warning (Campus Warning) to members of the University Community. For these reasons, CSA's and local law enforcement should report Clery Crimes to UPD immediately upon receipt of such a report.

Dissemination of a Timely Warning (Campus Warning). Timely Warnings (Campus Warnings) will be disseminated in a manner reasonably likely to reach the members of the University Community and allow for them to take appropriate steps to protect themselves. Specifically, Timely Warnings (Campus Warnings) will be distributed in the following ways: (1) e-mails to students, staff, and faculty via their Mix or University provided e-mail accounts; and (2) posted on the University Police website.

Content of a Timely Warning (Campus Warning). The following information is typically included in a Timely Warning (Campus Warning) if available:

i. The type of crime reported, including any specific information related to the potential serious or ongoing threat;
ii. The persons or locations that might be affected;
iii. Any connection to a previous incident or incidents, if any;
iv. Description of the suspect or suspects;
v. Date and time the warning was released;
vi. Any other relevant information that may be applicable to the crime; and
vii. Any applicable safety tips specific to the crime or threat involved.  

For instances in which a timely warning is not required, UPD may choose to issue a “Community Notice” notifying the University community of the issue. The content of a community alert may vary depending on the type of incident reported and the location in which it occurred.

**VIII. Emergency Notifications (WVU Alert)**

**A. Statement of Policy**

Upon confirmation of a significant emergency or dangerous situation occurring on campus that involves an immediate threat to the health or safety of students or employees, the University will, without delay, and taking into account the safety of the community, determine the content of an Emergency Notification (WVU Alert) and initiate its emergency notification procedures, unless issuing a notification will, in the professional judgement of the first responders, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. “Immediate threat” as used here includes an imminent or impending threat. Examples of significant emergencies or dangerous situations may include, but are not limited to: an outbreak of meningitis, norovirus or other serious illness; approaching hurricane or other extreme weather conditions; earthquake; gas leak; terrorist incident; armed intruder; active shooter; bomb threat; civil unrest or rioting; explosion; and chemical or hazardous waste spill.

**B. Statement of Procedures**

*Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System:* The initial and primary responder to emergencies will normally be the UPD. It is possible that the initial and primary responder may be different, particularly for incidents such as an outbreak of serious illness; extreme weather conditions; earthquake; gas leak; or chemical or hazardous waste spill. In either situation, the ranking or senior officer/administrator on the scene will quickly assess the situation and notify the Chief of Police (or designee), or in their absence, the highest-ranking officer in UPD.

The Chief (or highest-ranking officer) will take immediate steps to confirm whether the incident constitutes a “significant emergency or dangerous situation occurring on the campus that involves an immediate threat to the health or safety of students or employees,” such that an Emergency Notification (WVU Alert) is warranted. If time permits, the Chief (or highest-ranking officer) may consult with University Relations/Office of Communications. If the consultation would result in a significant delay in disseminating the information, UPD will send alerts on its own initiative, using predetermined templates.

---

4 As noted above, some specific information may be withheld if there is a risk of compromising law enforcement efforts to investigate and/or solve the crime.
**Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification:** The appropriate segment or segments of the University community will receive a notification and that will be determined by the information available at the time. The Chief of Police (or designee), together with University Relations/Office of Communications, will continually evaluate the situation and assess the need to notify additional segments of the campus population.

**Determining the Contents of the Emergency Notification:** The content of an Emergency Notification (WVU Alert) will include the nature of the emergency or dangerous situation; the particular location or individuals affected by the emergency or dangerous situations; and any other critical information necessary in order to allow members of the University community to take preventive measures.

**Procedures Used to Notify the Campus Community:** In the event of a situation that poses an immediate threat to members of the campus community, the campus has various systems in place for communicating information quickly. Some or all these methods of communication may be activated in the event of an emergency. These methods of communications include emergency text messaging via LiveSafe, and campus-wide or portions of the campus emergency e-mail. The University may also use:

- Alerts posted to the [WVU Home page](https://www.wvu.edu) via an emergency banner at the top of the page.
- Audio and visual alert messages on the [InfoStations](https://www.wvu.edu) around campus.
- Alerts posted to WVU social media channels including [Facebook](https://www.facebook.com) and [Twitter](https://twitter.com).
- Alert messages posted for current students via MIX email.

**How to Sign Up for Emergency Text Messaging:** The University encourages all employees and students of the campus community to enroll in LiveSafe and WVU Alerts.

**WVU Alerts:** To sign up (opt-in) to the emergency text messaging system, the procedure is as follows:

**Current Students:**

Current students are automatically subscribed to receive WVU Alert messages. There is no need for further registration. However, if you would like to update your information, please sign in using the [WVU Alert Student Login](https://www.wvu.edu).

**Parents:**

The Alert system allows students to add their parents cell phone numbers and email addresses to their account to receive alert messages. It is up to the student to determine if they would like an alternative contact to receive WVU Alerts as part of their account.

Students who wish to add a parent’s cell phone or email address may do so by signing in at the [WVU Alert Student Login](https://www.wvu.edu) and following the instructions on the Services tab.

**Faculty and Staff:**

Faculty and Staff are encouraged to register with the WVU Alert system by visiting the [WVU Alert](https://www.wvu.edu).
Login and clicking on the “SIGN UP” link near the top right corner of the page.

LiveSafe: To get the LiveSafe app, it can be downloaded by visiting the following website:

https://police.wvu.edu/campus-safety

Procedures for Disseminating Emergency Information to the Larger Community (i.e., individuals and organizations outside the campus community): If the campus activates its Emergency Notification (WVU Alert), University Relations/Office of Communications is responsible for determining when and how to disseminate emergency information to the larger community. This may include updating notices on Facebook, Twitter, and other social networking platforms; maintaining communications with news outlets; distributing press releases; or scheduling press conferences. The University’s Crisis Communications Plan can be found here:

https://universityrelations.wvu.edu/culture/resources-for-communicators/crisis-communications-plan

Procedures for Testing Emergency Response and Evacuation Procedures: Drills, Exercises, and Training: The procedures to test Emergency Notifications (WVU Alerts), as well as the emergency response and evacuation procedures, will occur on at least an annual basis and may be announced or unannounced. For each test, there will be documentation of a description of the exercise, the date, time, and whether it was announced or unannounced.

Emergency Response and Evacuation Procedures. The University will publicize its emergency response and evacuation procedures in conjunction with at least one test per calendar year. The Emergency Operations Plan can be accessed here:

https://police.wvu.edu/emergency-management/emergency-operations-plan

Additionally, the University’s Crisis Communications Plan can be found here:

https://universityrelations.wvu.edu/culture/resources-for-communicators/crisis-communications-plan

LiveSafe is an app where individuals can report tips anonymously to WVU Police through direct two-way communication and by way of text, photos or videos. In addition to receiving WVU Alerts through email and/or text, individuals can also get emergency alerts through the app, too. The LiveSafe app also allows individuals to virtually walk home with friends or family to ensure safety if alone, walking at night or just want some extra security.
IX. Crime and Fire Log

UPD maintains a Daily Crime and Fire Log of all incidents reported to it. This includes all crimes that occur on campus, in areas patrolled by the UPD, in noncampus buildings or properties, on the public property running through or immediately adjacent to the campuses. Given that it includes all incidents, it also includes fire information. The Crime and Fire Log will post the previous days approved incidents daily at 5:30 p.m., Monday - Friday. All weekend incidents will post on Monday. Case numbers with prefix “CSA” are incidents that are reported to a Campus Security Authority other than WVUPD.

The Daily Crime and Fire Log includes the incident type, date incident is reported, date and time of occurrence, and general location of each reported incident type, as well as the disposition of the incident, if this information is known. UPD posts specific incidents in the Daily Crime Log within two (2) business days of receiving a report of an incident and reserves the right to exclude reports from a login certain circumstances as permitted by law. The most current 60 days of information are available online at the UPD web page, or at UPD Building located at 992 Elmer Prince Drive within two (2) business days. The log can be found here: https://police.wvu.edu/clery-act/campus-safety/crime-log

X. Drug and Alcohol Policies

Federal law requires that the University notify all faculty, staff, and students of certain information pertaining to unlawful possession, use, or distribution of illicit drugs and alcohol on its property or as part of its activity, as well as notify the campus of certain health risks associated with alcohol and other drug abuse, and provide contact information for WVU’s programs available to students, staff, and faculty. The University accomplishes this by sending faculty, staff, and students an email containing, as an attachment, the Drug-Free Schools and Communities Act booklet. The booklet and additional information can be accessed electronically by visiting the following website:

https://talentandculture.wvu.edu/files/d/d376b35d-a7a8-4d5c-a418-066ab7b7cb4b/drug-free-schools-and-communities-act.pdf

Additionally, that booklet is attached as Appendix 1.

XI. Crime Prevention & Security Awareness Programs

Below is a sample of the programs offered at WVU that address campus security practices and procedures, as well as crime prevention. For additional details on primary and ongoing prevention programs specifically addressing dating violence, domestic violence, sexual assault, and stalking, see section X of this Report.
<table>
<thead>
<tr>
<th>Program Title</th>
<th>Type/Description</th>

XII. Sexual Assault, Domestic Violence, Dating Violence, and Stalking: Education and Prevention Programs

WVU implements comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to educate its community about sexual misconduct, including but not limited to sexual assault, domestic violence, dating violence, and stalking. WVU intends its Prevention Programs to: (1) be culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcome; and (2) consider environmental risk and protective factors as they occur to the individual, relationship, University, community, and societal levels. WVU’s Prevention Programs include both Primary Prevention Programs, Primary Awareness Programs, and Ongoing Prevention and Awareness Campaigns.

/ Primary Prevention Programs: WVU implements programming, initiatives, and strategies, informed by research or assessed for value, effectiveness, or outcome that are intended to prevent incidents of Prohibited Conduct through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe Bystander Intervention, and seek to change behavior and social norms in healthy and safe directions.

/ Primary Awareness Programs: WVU implements comprehensive, intentional, and integrated community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent Prohibited Conduct, promote safety, and reduce the perpetration of Prohibited Conduct.

/ Ongoing Prevention and Awareness Campaigns: WVU implements programming, initiatives, and strategies for students and employees that are sustained over time and focus on increasing understanding of topics relevant to, and skills for, addressing Prohibited Conduct using a range of strategies with audiences throughout WVU.

In these Prevention Programs, WVU

/ Makes a clear statement that domestic violence, dating violence, sexual assault and stalking are prohibited conduct;

/ Defines domestic violence, dating violence, sexual assault, and stalking including how those terms are defined by the State of West Virginia;

/ Defines what behavior and actions constitute consent to sexual activity in the State of West Virginia;

/ Provides safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or to intervene when there is a risk of domestic violence, dating
violence, sexual assault, or stalking against a person other than the bystander;

/ Provides information on risk reduction so that students and employees may recognize warning signs of abusive behavior and learn how to minimize the risk of potential attacks.

If you have any questions about WVU’s current Primary Prevention Programs, please contact WVU’s Title IX Coordinator:

James Goins Jr.
Director of Equity Assurance
Title IX Coordinator
1085 Van Voorhis, Suite 250
Morgantown, WV 26506-6202
304-293-5600
james.goins@mail.wvu.edu
A. Important Note

WVU has adopted a University-wide policy that prohibits sexual misconduct, relationship violence and stalking. That policy applies to students, faculty, and staff. The policy: describes prohibited conduct for students, faculty, and staff; explains multiple options for reporting sexual misconduct, relationship violence and stalking to the University; describes the procedures that the University will follow promptly, thoroughly, and equitably investigating and resolving reports of sexual misconduct, relationship violence, and stalking in order to eliminate the misconduct, prevent its recurrence, and address its effects on a complainant or the University community; identifies resources for complainants; describes the University’s prevention and awareness programs relating to sexual misconduct, relationship violence, and stalking; and implements the requirements of Title IX and the Clery Act (including amendments to the Clery Act made by the Violence Against Women Reauthorization Act).

A copy of the policy is available at: https://policies.wvu.edu/finalized-bog-rules/bog-governance-rule-1-6-rule (the “Policy”).

What follows below are certain statements of policy that the Clery Act requires be provided in this Report. WVU encourages everyone to read the full Policy. To the extent there are any discrepancies between the statements below and the Policy, the Policy controls.

B. Importance of Preserving Information

In cases of sexual assault, domestic violence, dating violence, and stalking, it is important for a person who may have been subjected to such conduct (“Complainant”) to seek immediate medical attention to determine the presence of physical injury, address pregnancy concerns, determine the possibility of exposure to sexually transmitted diseases, and, if the Complainant later decides to pursue legal options, to obtain evidence to assist in criminal prosecution, a civil action, or in obtaining a civil protection order.

According to sexual assault nurse examiners, the key to success in collecting physical evidence of a sexual assault is to collect the evidence as soon as possible after a sexual assault (ideally within 24 hours of a sexual assault, but no later than 72 hours after a sexual assault). Prior to seeking medical care, Complainants of sexual assault, when possible, should avoid changing their clothing, bathing, showering, using a douche, using the bathroom, brushing their teeth, drinking liquids, washing their hands or face, or combing their hair. If Complainants change their clothes, then the best way to preserve evidence relating to clothing is to put the clothing in a paper (not plastic) bag.
The collection of evidence for use in a criminal prosecution or an order of protection hearing relating to sexual assault can only be performed by trained personnel at a hospital emergency room; physical examinations by other healthcare providers are likely to impede potential future legal remedies. In cases of sexual assault, a medical professional usually will: examine the Complainant; provide appropriate medical treatment; collect evidence of the assault, such as hairs, fluids, and fibers; and, if applicable, talk with the Complainant about the prevention of venereal disease and pregnancy. A medical examination preserves evidence for forensic analysis in the event that a Complainant wishes to pursue a criminal prosecution or an order of protection. The medical examination likely will be performed by a sexual assault Nurse Examiner (SANE), a nurse who is specially trained to collect evidence in cases of sexual assault.

Importantly, WVU students can receive the SANE exam for free at Ruby Memorial Hospital when they present their student identification card.

If the Complainant chooses not to report the incident to law enforcement at the time of the medical examination, the medical provider will provide the examination materials to local law enforcement with a unique identifying number that will also be provided to the Complainant. The law enforcement agency with jurisdiction will store the examination materials for up to three (3) years. If, in that time, the Complainant decides to make a police report, the Complainant may report to the law enforcement agency with jurisdiction and refer to the unique identifying number so that the Complainant’s examination materials may be matched with the Complainant’s law enforcement report for evidentiary purposes.

Medical care may be obtained from the following:

**Ruby Memorial Hospital**
Emergency Department
304-598-4172

**Monongalia General Hospital**
Emergency Department
304-598-1460
http://www.mongeneral.com

### C. Where and How to Report the Incident

The University supports the choices individuals make — whether to report, and to whom to report — and recognize that these choices are particularly difficult in some cases. If you are unsure whether or not you would like to file a formal report, you can meet privately with a Title IX Peer Advocate to discuss your reporting options first. If you wish to speak to someone anonymously, please call or text the Anonymous On-Call Line at 304-906-9930. Someone is available to take your call 24 hours a day.

The Office of Equity Assurance and the legal system work independently, but in coordination with one another. Individuals may file a report with the University, law enforcement, both or with
neither. The standards for determining a violation of criminal law are different than the standard in WVU’s grievance procedures, neither the results of a criminal investigation, nor the decision of law enforcement to decline to investigate a matter, is a determinative factor of whether a violation of Board of Governors Governance Rule 1.6 has occurred.

Any member of the campus community who has witnessed or is aware of any of the prohibited conduct on Board of Governors Governance Rule 1.6 is encouraged to report. WVU’s Office of Equity Assurance investigates every civil rights or Title IX related incident reported to the University. If you or someone you know has been a victim of sexual assault, power-based personal violence, or discrimination or harassment, you can file a report with WVU’s Director of Equity Assurance/Title IX Coordinator:

James Goins Jr.
Director of Equity Assurance
Title IX Coordinator
1085 Van Voorhis, Suite 250
Morgantown, WV 26506-6202
304-293-5600
james.goins@mail.wvu.edu

You can also file a report online or through mail by sending a complaint to:

Office of Equity Assurance
1085 Van Voorhis, Suite 250
P.O. Box 6202
Morgantown, WV 26506

D. Options about the Involvement of Law Enforcement

Sexual assault, dating violence, domestic violence, and stalking may constitute both a violation of WVU’s policy and criminal law. Therefore, WVU encourages persons to report incidents to law enforcement. But a Complainant has the right to decline to report an incident to law enforcement. Even if a Complainant does not report the incident to law enforcement, the Complainant may still request Supportive Measures from WVU by reporting the incident to the Title IX Coordinator or another Responsible Employee.

The following options are available 24 hours, seven days a week, for reporting an incident to law enforcement:

// West Virginia University Police Department: (304) 293-3136
// Morgantown Police Department: (304) 284-7522
// Westover Police Department: (304) 296-6576
// Granville Police Department: (304) 599-5080
// Star City Police Department: (304) 599-3550
// Monongalia County Sheriff’s Department: (304) 291-7290
// West Virginia State Police: (304) 285-3200
Upon the Complainant’s request, the Title IX Coordinator will assist the Complainant to contact the UPD or another appropriate local law enforcement agency.

Even if the Complainant is unsure whether to pursue criminal prosecution or an order of protection, WVU recommends that the Complainant report the incident to law enforcement as soon as possible. In most cases, after addressing a Complainant’s immediate safety needs and/or needs for medical care, a law enforcement officer will meet with the Complainant and take a statement about what occurred. In cases of sexual assault and relationship violence, in addition to taking a statement, the law enforcement officer may ask to examine the scene of the incident and collect bedding, clothing, or other items of evidentiary value. A UPD law enforcement officer also will conduct a thorough interview to record as many details as possible, as precisely as possible. The law enforcement interview may take as long as several hours, depending on the circumstances of the case. Due to the traumatic effect of sexual assaults on survivors, multiple interviews may be required to get all the pertinent details of the assault.

If, after concluding its investigation, law enforcement determines that a crime occurred, then law enforcement will refer the matter to the Prosecuting Attorney’s Office. The Prosecuting Attorney’s Office will decide whether to pursue criminal prosecution; however, it is unusual for cases to proceed without the cooperation of the Complainant. Reporting the incident to law enforcement does not obligate the Complainant to cooperate with the Prosecuting Attorney Office’s criminal prosecution. If criminal prosecution is pursued, however, the likelihood of success will be much higher if the Complainant reported and allowed evidence to be collected immediately after the incident.

WVU will cooperate with law enforcement agencies if a Complainant decides to pursue the criminal process, to the extent permitted by law. However, the University’s policy may differ in significant respects from criminal law. A Complainant may seek resolution through WVU’s procedures, may pursue criminal action, may choose one but not the other, may choose both, or may choose neither. Neither law enforcement’s determination whether to prosecute a Respondent, nor the outcome of any criminal prosecution is determinative of whether Prohibited Conduct occurred in violation of the University’s policy. Procedures under the University’s policy may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus. WVU does not normally wait until a criminal investigation or proceeding is concluded before conducting its own investigation, implementing supportive measures, and/or taking other appropriate action. Although WVU may need to temporarily delay the fact-finding portion of its investigation while law enforcement is gathering evidence, WVU will take supportive measures to support the parties during such a delay. Decisions made or sanctions imposed by WVU are not based on criminal or civil charges against a Respondent arising from the same incident being dismissed, reduced, rejected, sustained, or not prosecuted; however, a Respondent’s plea or a finding against a Respondent in a criminal or civil proceeding may, at WVU’s discretion, be used by WVU in a WVU disciplinary proceeding.

E. Information about Orders of Protection

In some cases, an individual may wish to consider a Protection Order from the local courts. This is a civil proceeding independent of the University. An individual also has the right to file for a Protection from Abuse Order or Sexual Violence Protection Order. If a court order is issued the University will, to the extent possible, assist the protected person in benefiting from the restrictions imposed by the
court, and will also facilitate on-campus compliance with the order.

Every county has a different process to get such an order. For information about pursuing orders of protection and other legal remedies, a Complainant may contact:

**Monongalia County Victim Assistance Program**
Prosecuting Attorney’s Office
First Floor Justice Center
75 High Street
Morgantown, WV 26505
Phone: (304) 291-7286
Fax: (304) 291-7285

The Title IX Coordinator or the UPD can assist a Complainant to arrange an appointment with the Monongalia County Victim Assistance Program to discuss options for pursuing an order of protection and other legal remedies.

Even though each county is different, the legal process follows the same general pattern. The process usually starts by filling out a form called a “petition” at the local county courthouse. After the petition is filled out, a judge will read it and may ask the plaintiff to answer a few questions. The judge may grant or deny a temporary order and may schedule a date for a final hearing. On the date of the hearing, the plaintiff and defendant will come before a judge. Both are allowed to have attorneys to represent them at this hearing. A domestic violence advocate may also come with the plaintiff. If both the plaintiff and defendant agree on the terms of an order, the judge will make it official. If either party does not agree, the judge will give the plaintiff and defendant the chance to talk on the record about the abuse described in the petition. After listening to the testimony, the judge may grant or deny the plaintiff a final order. Final orders can be in place for any period of time.

Separate from protective orders, the University can in some cases issue a “no contact” order pending the outcome of a University investigation. Such a directive serves as notice to the party on which it is served that s/he must not have verbal, electronic, written, or third-party communication with the other. To request information about a University no contact order, contact:

**James Goins Jr.**
Director of Equity Assurance
Title IX Coordinator
1085 Van Voorhis, Suite 250
Morgantown, WV 26506-6202
304-293-5600
james.goins@mail.wvu.edu

**F. Information about Protecting Confidentiality in Recordkeeping**

*Publicly Available Recordkeeping*

The University will complete publicly available record-keeping, including Clery Act reporting and disclosures, without the inclusion of personally identifying information about the Complainant or
Respondent. Below is some additional information:

**Clery Act:** The Clery Act requires the University to issue three types of public documents: First, this report, which contains crime statistics. Statistics published in this Report do not personally identify Complainants or Respondents. Second, in addition to this Report and in compliance with the Clery Act, the UPD maintains a daily crime log that includes entries for all crimes and alleged crimes that occurred within the University’s Clery Geography, or within the patrol jurisdiction of the UPD. The crime log does not include personally identifying information about the Complainant or the Respondent. Third, the Clery Act requires WVU to issue timely warnings for certain crimes reported to the UPD or Campus Security Authorities. WVU will undertake reasonable efforts to avoid disclosing a Complainant’s name and other identifying information, while still providing enough information for community members to make safety decisions considering the potential danger.

**West Virginia Freedom of Information Act:** The West Virginia Freedom of Information Act provides access to the public of certain non-exempt public records. See W. Va. Code §§ 29B-1-1 through -7. However, certain records may be exempt from disclosure if they meet one of the enumerated exemptions set forth in the FOIA. Among them include the following: “Information of a personal nature . . . if the public disclosure of the information would constitute an unreasonable invasion of privacy, unless the public interest by clear and convincing evidence requires disclosure in this particular instance”; and “Records of law-enforcement agencies that deal with the detection and investigation of crime and the internal records and notations of such law-enforcement agencies which are maintained for internal use in matters relating to law enforcement.” See W. Va. Code § 29B-1-4(a)(2), (4)(A). Thus, determining whether records are ultimately subject to disclosure is determined on a case-by-case basis considering the totality of the circumstances. ⁶

**Requests for Accommodations or Supportive Measures**

The University will maintain as confidential any accommodation or supportive measures provided to the parties, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodation or supportive measure. The specific supportive measures implemented and the process for implementing those measures will vary depending on the facts of each case and the student or employee status of the Complainant and the Respondent. The Title IX Coordinator, in consultation as needed with other appropriate University employees (e.g., an employee who would be involved in implementing the supportive measure being considered), will consider a number of factors in determining what supportive measures WVU will take, and will determine what information needs to be disclosed and to whom.

---

⁶ See West Virginia Sexual Violence Benchbook, p. 4-1, [http://www.courtswv.gov/public-resources/domestic/SexualViolenceBenchbook.pdf](http://www.courtswv.gov/public-resources/domestic/SexualViolenceBenchbook.pdf) (last visited Nov. 23, 2020) (“In West Virginia, there are no statutes or rules specific to the filing of sensitive information of a sexual assault victim in criminal files that are presumptively open to public inspection.”).
G. Written Notifications That Will Be Made Available

When a student or employee reports to the University that the student or employee has been a victim of sexual assault, domestic violence, dating violence, or stalking, the University will provide the student or employee with written notification about available options for, assistance in, and how to request changes to academic, living, transportation and working situations, or protective measures. The University determines which measures are reasonably available and necessary for a particular individual on a case-by-case basis determined by the Title IX Coordinator in conjunction with the Division of Student Life for students and the Title IX Coordinator in conjunction with Talent and Culture for employees. Following an alleged sex offense, the University will comply with a student’s request for a living and/or academic situation change, if they are reasonably available, regardless of whether the individual chose to report the crime to the police.

The University will also provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to victims, both within the institution and in the community. Specific contact information follows:

Counseling, Health and Mental Health Services:

Carruth Center for Psychological and Psychiatric Services
Health and Education Building
390 Birch Street
Morgantown, WV 26506-6422

XIV. Sexual Assault, Domestic Violence, Dating Violence, and Stalking: Procedures for Institutional Disciplinary Action

West Virginia University prohibits sexual harassment, including sexual assault, domestic violence, dating violence, and stalking as set forth in West Virginia University Board of Governors Rule 1.6, which provides, in relevant part:

The University prohibits Discrimination, Harassment (which also includes Sexual Harassment), Sexual Misconduct, Domestic Misconduct, Stalking, and Retaliation as defined below (collectively referred to as “Prohibited Conduct”) by or against any Member of the University Community occurring within the University’s Jurisdiction.

The procedures for dealing with such cases depends on whether the conduct is covered by Title IX and whether the accused individual is a student.
For cases covered by Title IX jurisdiction against non-students, the following procedures are applicable: [https://diversity.wvu.edu/equity-assurance/policies-and-procedures/non-student-title-ix](https://diversity.wvu.edu/equity-assurance/policies-and-procedures/non-student-title-ix)

For non-Title IX cases of sexual assault, domestic violence, dating violence, and stalking against non-students, the following procedures are applicable: [https://diversity.wvu.edu/equity-assurance/policies-and-procedures/complaint-and-investigation-process](https://diversity.wvu.edu/equity-assurance/policies-and-procedures/complaint-and-investigation-process)

For allegations of sexual assault, domestic violence, dating violence, and stalking against a student, the following procedures are applicable: [https://diversity.wvu.edu/equity-assurance/policies-and-procedures/students](https://diversity.wvu.edu/equity-assurance/policies-and-procedures/students)

Of particular importance, a disciplinary complaint may be filed by filling out the online complaint form found here: [https://wvu.qualtrics.com/jfe/form/SV_0lKdeIgf4QeEUxT](https://wvu.qualtrics.com/jfe/form/SV_0lKdeIgf4QeEUxT). The standard of proof in all cases is a preponderance of the evidence, which is defined as “evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it; that is, evidence which, as a whole, shows that the fact sought to be proved is more probable than not.” Additionally, the sanctions available for students found response include:

a) **Expulsion**: Permanent separation of the student from the University. Permanent notification will appear on the student’s transcript. The student may be denied access to University premises, provided that such restrictions are stipulated in the Outcome Letter and bear a reasonable relationship to the violation. If a student is expelled, the student will not receive a refund of any tuition or fees that have been paid to the University. This is reserved for persistent violations of the Campus Student Code or a single violation of marked severity.

b) **Suspension**: Separation of the student from the University for a specified period of time. Permanent notification will appear on the student’s transcript. The student may be denied access to University premises and to all other University activities or privileges for which the student might otherwise be eligible, provided that such restrictions are stipulated in the Outcome Letter and bear a reasonable relationship to the violation. Suspended time will not count against any time limits for completion of a degree. If a student is suspended, the student will not receive a refund of any tuition or fees that have been paid to the University. Any student who is serving a suspension may be subject to a review and evaluation meeting prior to re-enrolling to ensure that all conditions of the suspension have been satisfied and that the student is prepared for return. This is reserved for persistent violations of the Campus Student Code or a single violation of marked severity that may not rise to the level of expulsion.

c) **Deferred Suspension**: The student will be given a certain set of expectations, but any suspension will be deferred and does not go into effect as long as the student complies with all requirements during the interim period. In those cases where the student completes all expectations during the interim period, the student’s record will show that the sanction was never imposed. In the event that a student fails to comply with a sanction and the Office of Student Conduct has decided to seek the suspension, the student will be given written notice of the apparent failure to comply and of the intent to suspend, and provided an opportunity to be heard prior to a final decision, consistent with this Code.

d) **Probation**: A written reprimand for prohibited conduct that specifies a designated period of time and includes the probability of more severe disciplinary sanctions if, during the designated
probationary period, the student violates any applicable law or fails to comply with the policies of the West Virginia University Board of Governors, with institutional or campus rules and regulations or with directives issued by any University official acting in the course of his or her authorized duties.

e) **Warning:** A notice in writing to the student that the student is violating or has violated Board of Governors policies, institutional rules and regulations, or the Campus Student Code, and that any further prohibited conduct may result in more severe disciplinary action.

f) **Loss of Privileges:** Denial of specified privileges for a designated period of time.

g) **Restitution:** Students may be required to make payment to the University or to other persons, groups, or organizations for loss, damage, or injury incurred as a result of a violation of any Campus Student Code. This may take the form of appropriate service and/or monetary or material replacement. Once restitution is satisfied, the student must provide documentation to the Office of Student Conduct.

h) **Revocation:** Admission to the University may be revoked for a violation of the Code if the violation was committed before the student arrives on campus. Likewise, a degree awarded from the University may be revoked for a violation of the Code if the violation was committed before the student graduates.

i) **Other Sanctions:** Other sanctions may be imposed instead of or in addition to those specified. For example, students may be subject to dismissal from University housing for disciplinary violations which occur in the residence halls. Likewise, community service, educational classes, fines (if such fines are established by the Office of Student Conduct), and other work or research projects may also be assigned.

j) **No Contact Order:** Students may be issued a permanent no contact order, which is a directive to refrain from any intentional contact, whether direct or indirect, with one or more designated persons or group(s) through any means, including, but not limited to, personal contact, e-mail, telephone, social media or third parties.

In cases of non-students, the following is a list of potential corrections actions that may be taken if a Respondent is found responsible for Title IX Sexual Harassment:

If there is a finding that the Respondent is responsible for Title IX Sexual Harassment, the appropriate departments, offices, units, or employees at the University, in consultation with the Title IX Coordinator, will take steps toward immediate corrective action and is responsible for effective implementation of any remedies, which may include, but not be limited to suspension, demotion, or termination of an employee; issuance of a trespass warning; termination of a vendor contract; and/or referral to the appropriate law enforcement agency. The purpose of any such corrective action is to take the appropriate steps to end the misconduct, prevent any further misconduct or retaliation, remedy the effects of misconduct, and eliminate any hostile environment that has been created.

For non-Title IX cases, the following is applicable:

If there is a finding of Discrimination, Harassment, Sexual Harassment, Sexual Misconduct, Domestic Misconduct, Stalking, or Retaliation, the appropriate departments, offices, units, or
employees at the University, in consultation with the Division of Diversity, Equity and Inclusion and Talent and Culture, will take steps toward immediate corrective action, which may include, but not be limited to suspension, demotion, or termination of an employee; issuance of a trespass warning; termination of a vendor contract; and/or referral to the appropriate law enforcement agency. The purpose of any such corrective action is to take the appropriate steps to end the misconduct, prevent any further misconduct or retaliation, remedy the effects of misconduct, and eliminate any hostile environment that has been created. If a corrective action involves any type of adverse employment action, then such action will be taken consistent with Talent and Culture procedures and applicable due process.  

Protective or supportive measures that the University may offer following an allegation of dating violence, domestic violence, sexual assault, or stalking may be found here:

https://diversity.wvu.edu/equity-assurance/resources-and-reporting-options

They include any number of the following (the list is not exclusive or exhaustive):

/ Access to counseling services
/ On-Campus No Contact Directive
/ Rescheduling exams/ assignments
/ Providing alternate course options
/ Changing class/work schedules
/ Changing work/job assignments
/ Temporary suspension to campus facilities/housing
/ Limit access to certain privileges and events
/ Escort to ensure safety
/ Medical care
/ Tutoring
/ University-imposed leave or suspension
/ Alternative housing options

7 Section 5.10, Corrective Action, Non-Student Title IX Complaint and Investigation Process, https://diversity.wvu.edu/equity-assurance/policies-and-procedures/non-student-title-ix

8 Section 4.6, Corrective Action, Non-Student Non-Title IX Complaint and Investigation Process, https://diversity.wvu.edu/equity-assurance/policies-and-procedures/complaint-and-investigation-process
XV. Additional Information about Sex Offenses

A. Release of Disciplinary Outcomes to Certain Crime Victims

WVU will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the results of any disciplinary proceeding conducted by WVU against a student who is the alleged perpetrator of the crime or offense. Typically, however, the alleged victim is involved in the process and will receive a copy of the notice of outcome in such cases. If the alleged victim is deceased as a result of the crime or offense, the next of kin of the victim may make the request.

B. Sex Offender Registry

The State of West Virginia requires sex offenders to register with the State Police. The State makes this information available to law enforcement agencies. This information is available to the public at the following website: https://apps.wv.gov/StatePolice/SexOffender.

XVI. Missing Student Policy & Procedures

All reports of missing students should be made to:

University Police Department
304-293-3136
(twenty-four hours a day/seven days a week)
992 Elmer Prince Drive
Morgantown, WV 26506-6563

A. Statement of Policy

The purpose of this Policy is to set forth the missing student notification procedures for students who reside in on-campus student housing facilities (sometimes referred to in the Policy as an “on-campus student”).

As set forth below, WVU will identify where such reports can be made and require those reports to be immediately referred to the University Police Department. Further, missing student contact information will be used in accordance with the procedures and notifications will take place as set forth below.
B. Missing Student Procedures for Students Residing in On-Campus Housing Facilities

Where to Report Missing On-Campus Student. If anyone has reason to believe that a student who lives in on-campus student housing has been missing from campus, the University Police Department should be contacted at 304-293-3136 (twenty-four hours a day/seven days a week), 992 Elmer Prince Drive, Morgantown, WV 26506-6563.

Mandatory Referral. If anyone receives a report of a missing on-campus student, regardless of how long that on-campus student is believed to have been missing, that report must be referred immediately to the University Police Department at contacted 304-293-3136 (twenty-four hours a day/seven days a week), 992 Elmer Prince Drive, Morgantown, WV 26506-6563.

Contact Information. Each student residing on-campus housing, regardless of age, shall have the option to register a contact person or persons to be used strictly for missing persons purposes (referred to in this Policy as a “missing person contact”). This contact can be anyone and can be the same or different from the person identified as the student’s general emergency contact. For students living in the residence halls, students can register and update their missing person contact information by logging into My Housing/Housing Portal, which is located at the following site: https://myhousing.wvu.edu/student/312BE6F2/1/1/Home-MyHousing_at_West_Vi. For students living in University apartments, they are contacted and given the option to register one or more individuals to be a contacted strictly for missing persons purposes. On-campus students are offered this option each year, regardless of whether the student has identified a missing person contact in previous years. WVU shall notify the student’s missing person contact within twenty-four hours of the determination by the University Police Department that the student is missing.

Confidentiality of Missing Person Contact Information. The missing persons contact information will be registered confidentially and will be kept separate from the student’s emergency contact information (even if the student registered the same person for both). The missing persons contact information will be accessible only to authorized campus officials and may be disclosed only to law enforcement personnel and only for a missing person investigation or as otherwise required by law.

Actions Taken Following a Report. Once a report is made of a missing on-campus student, the University will take the following actions:

- Contact Residence Life staff or, in the case of students living in University Apartments, the Property Manager, who will try to contact the student at the student’s residence.
- If unsuccessful, the University will attempt to contact any room or suite mates of the student or other individuals that may know the whereabouts of the student.
- Additionally, in order to locate the student, the University may try to ascertain whether the student is or has been on-campus recently through other available administrative means, such as determining whether the student has recently accessed any areas on-campus.
If the investigation determines that the on-campus student has been missing for over twenty-four hours then, within the next twenty-four hours, the University will notify the individual identified as the student’s missing person contact.

*Notifying Local Law Enforcement.* WVU will also notify the local law enforcement agency within twenty-four hours of the determination that the student is missing, unless the local law enforcement agency was the entity that made the determination that the student is missing.

*Minors.* If a student is under 18 years of age and not emancipated, in addition to notifying local law enforcement where applicable per Section 2.4.1 of this Policy, WVU must and will notify a custodial parent or guardian within twenty-four hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.
The statistics listed below reflect the number of certain types of crimes reported to Campus Security Authorities and police departments, as defined by the Clery Act on certain geography defined by the Clery Act. They do not reflect the outcome of investigations by the University or the pertinent police department.

### HATE CRIME REPORTING

/ 2019: There were 0 reportable hate crimes.
/ 2018: There were 0 reportable hate crimes.
/ 2017: There was 1 reportable hate crime for simple assault (national origin) on-campus/student residential facility; and three destruction of property (race) on-campus (two in student residential facilities).

### UNFOUNDED CRIME REPORTING

/ 2019: There were 2 unfounded crimes (one stalking and one aggravated assault).
/ 2018: There were 5 unfounded crimes (four sex offenses and one stalking).
/ 2017: There were 8 unfounded crimes (one sex offense, one aggravated assault, two burglaries, and three domestic violence reports).

\(^{14}\) This number was reduced by one from the 2018 Campus Safety Survey because it had previously included, as noncampus property, an address that was not a building or property owned or controlled by a student organization that is officially recognized by the institution.

\(^{15}\) This number was reduced by one from the 2018 Campus Safety Survey because it had previously included, as noncampus property, an address that was not a building or property owned or controlled by a student organization that is officially recognized by the institution.
XVIII. Definitions of Offenses within the Clery Act

It is important to note that the crime classifications for which colleges and universities must provide statistics to comply with the Clery Act differ under state and federal law. The crime statistics reported under the Clery Act include the following crimes, as defined under the Clery Act:

A. Offenses

**Murder/Non-Negligent Manslaughter:** the willful (non-negligent) killing of one human being by another. **NOTE:** Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded.

**Negligent Manslaughter:** the killing of another person through gross negligence.

**Robbery:** the taking or attempting to take anything from value of the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated Assault:** an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

**Burglary:** the unlawful entry of a structure to commit a felony or a theft. For reporting purposes, this definition includes an unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

**Motor Vehicle Theft:** the theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access, even though the vehicles are later abandoned - including joy riding).

**Arson:** the willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another.

**Domestic Violence:** felony or misdemeanor crime of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

**Dating Violence:** violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim, and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors:(i) The length of the relationship;
(ii) The type of relationship; (iii) The frequency of interaction between the persons involved in the relationship.

**Stalking:** engaging in a course of conduct directed at a specific person that would cause a reasonable person to — (A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress.

**Weapon Law Violations:** the violation of laws or ordinances dealing with weapon offenses regulatory in nature, such as manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned. Do not count referrals based solely on institutional policy where there is no alleged violation of law.

**Drug Abuse Violations:** violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and the making of narcotic drugs. The relevant substances include opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine). Do not count referrals based solely on institutional policy where there is no alleged violation of law.

**Liquor Law Violations:** violation of laws or ordinance prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; all attempts to commit any of the aforementioned. (Drunkenness and driving under the influence are not included in this definition.) Do not count referrals based solely on institutional policy where there is no alleged violation of law.

**B. Sex Offenses**

**Rape:** penetration, no matter how slight, of vagina or anus, with any body part or object, or oral penetration by a sex organ of another without the consent of the victim.

**Fondling:** touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

**Incest:** sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

**Statutory Rape:** sexual intercourse with a person who is under the statutory age of consent.
C. Hate Crimes

West Virginia University is also required to report statistics for hate (bias) related crimes by the type of bias as defined below for the following classifications: murder/non-negligent manslaughter, negligent manslaughter, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson (see definitions above) and larceny, vandalism, intimidation, and simple assault (see definitions below).

**Larceny-theft:** the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

**Destruction/Damage/Vandalism of Property:** to willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

**Intimidation:** to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

**Simple Assault:** an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

D. Definitions of Geography within the Clery Act

The Clery Act requires that statistics be provided for reported Clery Act crimes that occur: (1) on-campus (and in student housing facilities), (2) on public property within or immediately adjacent to campus, and (3) in or on noncampus buildings or property that WVU owns or controls are disclosed. The Clery Act defines these categories as:

**On-Campus:** buildings or property owned or controlled by the University within the same reasonably contiguous geographic area and used by the University in direct support to, or in a manner related to, the University’s educational purpose.

**On-Campus Student Housing:** Student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus.

**Public Property:** All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

**Noncampus Property:** (a) building or property owned or controlled by a student organization that is officially recognized by the University; or (b) any building or property owned or controlled by the University that is used in direct support of, or in relation to, the University’s educational purposes, is frequently used by students, and is not reasonably contiguous to the core campus).
XIX. WVU Fire Safety Report

A. General Statement

West Virginia University is committed to providing a fire safe environment for its faculty, staff, students, and visitors and to protecting the property through an effective fire prevention, protection and response program. All WVU residence halls have approved fire alarm, and fire suppression sprinkler systems that are inspected and tested annually per the National Fire Protection Association (NFPA). The fire alarm and suppression systems are electronically monitored 24 hours/day, seven days/week and notify the 911 system automatically upon actuation of an alarm situation.

B. Training

WVU Residence Hall Coordinators receive comprehensive hands on fire safety training at the beginning of each academic year by Environmental Health and Safety and the Morgantown Fire Department. Additionally, RHC provides information to each student floor in their respective residence hall. The emergency evacuation procedures are as follows:

If a Fire is detected, you should:

/ Activate the nearest alarm.
/ Evacuate the building safely, and do not use the elevator.

When a fire alarm sounds, you should:

/ Turn on the overhead lights in your room.
/ Close your windows.
/ Close and lock your door.
/ You must leave the building via the nearest stairway on your floor.
/ Walk calmly to the exterior of the building. It is very important that you become familiar with this route of exit. If you are unable to leave the room, “Shelter in Place” and place a towel or clothing in the crack at the bottom of the door, move to the window, and alert rescue personnel by calling 9-911. Do not jump. Await rescue personnel. If possible, open the window at the top and bottom to let fresh air in and heat and smoke out. Keep your room door closed.
/ Be sure the stairway door is closed behind you if no other residents are following you.
/ Do not return to the building until the signal is given to reenter by the staff member in charge.
/ If you are a person with a disability (even temporarily), notify your RA before a possible emergency; Contact rescue personnel by calling 9-911 during an emergency.
/ Treat every fire alarm as though it is real. You will have no indication whether the alarm is real or a drill.
/ If you detect even a minor fire, you must pull the nearest alarm and follow the procedures described above.
All fires should be reported immediately by calling 9-911 so that a professional can make certain that the fire is out and will not recur, and so that the fire extinguisher can be refilled promptly. University officials take false alarms seriously.

Persons found responsible of pulling false fire alarms are subject to removal from their University residence hall, suspension from WVU, and prosecution where appropriate.

C. Emergency Evacuation Maps

Emergency evacuation maps are posted on each floor and in each student room to direct residents to approved exits. Resident Assistants conduct periodic floor meetings and discuss fire safety evacuation procedures. Additional training is conducted upon request.

D. Mandatory Fire Drills

Fire Drills are conducted once a year to familiarize students with our emergency system. This activity is initiated by the Executive Director, Student Services and Residence Life and coordinated with MECCA, Morgantown Fire Department, WVU Police, and Facilities Management group. The Executive Director, Student Services and Residence Life maintain records of the dates and times of all fire drills.

E. Fire Prevention Policies

It is the policy of WVU to provide a fire safe environment. WVU's goal is to recognize hazardous conditions and take appropriate action before such conditions result in a fire. This is accomplished by conducting annual Life Safety inspections of all university buildings with special emphasis on WVU Dormitories and Apartments. Inspections are conducted by the West Virginia State Fire Marshal and the State Board of Risk Management, and Environmental Health and Safety.

Fire Investigations, if necessary, are coordinated by Environmental Health and Safety and conducted in conjunction with the WV State Fire Marshal, Morgantown Fire Department and the State Board of Risk and Insurance Management. Violations are identified and corrective action is addressed.

To minimize the potential of fires, West Virginia University has specific policies and procedures that students are required to follow. Noncompliance with these measures will be considered a student conduct/disciplinary matter.

For the specific policies applicable to the Residence Halls, they can be found here: https://housing.wvu.edu/policies/residence-halls/community-standards-of-conduct.

For the specific policies applicable to the University Apartments, they can be found here: https://universityapartments.wvu.edu/faq/university-apartments-handbook.
By way of example, the following items are prohibited in University residence halls:

- Toasters
- Electric ovens
- Waffle irons
- Sandwich makers
- Crock pots
- Live trees
- Flammable or Combustible materials
- Electric grills
- Any appliance with an open flame heating element
- Candles
- Incense
- Glade air fresheners
- Microwave ovens (unless approved by the University)
- Electric heaters (unless approved by the University approval)
- Kerosene heaters
- Extension cords or multi-receptacle outlets (UL listed power strips with surge protectors are permitted)
- Gasoline, lighter fluid, or any combustible or flammable material and
- Halogen lamps
- Smoking
- Vaping

Decorations

Students who choose to decorate their room must adhere to the following rules:

- Use electrical decorations that are UL or ETL listing only
- Use decorations made from flame-retardant materials only
- Do not use lights on metallic trees
- Do not place decorations on light fixtures, sprinklers, smoke detectors, etc.;
- Do not hang tapestries or other decorations from ceiling or doorway
- Do not use live pine, extension cords, candles (oil or wax-based), candle warmers, or incense
- Do not use live Christmas trees and
- Do not hang items outside the window

Room Safety

- Use or possession of open flame or open element appliances, in residence hall rooms or other unauthorized areas is not permitted.
- Cooking in residence hall rooms or other unauthorized areas is prohibited.
- Residents and guests may not devise any unsafe situation in which a member of the residence hall community can be injured, example: covering smoke detectors, obstructing or hanging items from sprinkler system heads.
Smoking/Vaping

Neither Smoking nor vaping is permitted in residence halls or on the WVU campus. In fact, West Virginia University is a tobacco free and smokeless environment as WVU BOG Finance and Administration Rule 5.6, Tobacco and Smoke Free Campus, prohibits “the use of Tobacco Products and any form of Smoking, including the use of Electronic Smoking Devices and vapor products, . . . on University property.”

F. Explosive Devices

A student may not make, possess, or threaten to make or use a bomb, explosive incendiary device or fireworks. If found responsible for such a violation, the student will be removed from University Housing.

G. Fire Log

WVU receives fire incident data from the Morgantown Fire Department each month and tracks the calls to verify charges made to the University. Additionally, WVU maintains the fire incident fire log, including the nature, date, time, and general location of each fire in our residence halls, from the MFD reports submitted to WVU along with the University Police Department reports. All incidents involving the University Police Department can be found on its Crime and Fire Log, which is located here: https://police.wvu.edu/clery-act/campus-safety/crime-log.

H. Continual Improvements in Fire and Life Safety

WVU provides Fire Alarm and Sprinkler updates during renovations and as needed to assure the University maintains state of art compliant equipment.

WVU continually work closely with occupants of student housing facilities. From the students, and visitors, to the contractors and vendors working in the facility to assure the work being conducted is monitored and the fire detection systems are checked and maintained.

WVU conducts planned Bi-Annual Fire and Life Safety Inspections of the facility, along with the RA of each resident building.

WVU is proud to have all its dormitory buildings monitored by University Police Department and when an alarm activates will initiate immediate notification to 911 for a quick response to our buildings.

*Due to an administrative oversight, the rows related to 617 Spruce St. – Sigma Nu were initially omitted from the original posted report on December 21, 2020 and from previous years. In addition, the College Park location also was not included in the previous years’ reports. Thus, information related to it has been added to this year’s report. The report was updated later on December 21, 2020 to include this footnote as well as the 617 Spruce St. – Sigma Nu rows. Additionally, the link where the report was posted was updated later on December 21, 2020, and then the updated link was circulated to the campus community via ENEWS on December 22, 2020.

57
DRUG-FREE
SCHOOLS AND
COMMUNITIES ACT
FOR WEST VIRGINIA UNIVERSITY

DECEMBER 2020
Dear WVU Community:

West Virginia University, including its divisional campuses of Potomac State College of West Virginia University and West Virginia University Institute of Technology, considers the wellbeing of its University community to be essential to the success of the University and its mission. The misuse of alcohol and the use of illicit substances by members of the University community are incompatible with the goals of an academic institution. Substance misuse on campus hinders the learning process, jeopardizing the University's mission to educate students and prepare them for responsible participation in society. With a combination of education and counseling, students and employees can be made aware of the consequences that may arise from substance misuse and learn more about the support and recovery resources that are available.

As directed by federal law, the University is providing this information to explain its substance use policies for both students and employees. The unlawful possession, use, or distribution of alcohol and/or other substances on campus and at University functions is prohibited.

The University recognizes that substance use disorder is a disease which affects not only the student or employee, but also one's family, workplace, and community. Referral services for substance use counseling and treatment are provided by the University for students and employees. A list of support and treatment centers is provided in this booklet. West Virginia University is committed to building a culture of health and wellbeing for everyone. As a part of the University's efforts to comply with state and federal law, we urge you to read the attached information. If you have any questions or comments about any of the information, please contact:

Division of Talent and Culture
Employee Relations
Telephone: (304) 293-5700 ext. 5
EmployeeRelations@mail.wvu.edu

Division of Student Life
Elizabeth Moore Hall
Telephone: (304) 293-5811
studentlife@mail.wvu.edu

Thank you for your cooperation in assuring that West Virginia University is a substance-free workplace and community.

Cris DeBord
Vice President for Talent and Culture

G. Corey Farris
Dean of Students

Specifically, it sets forth the applicable standards of conduct for employees and students; the applicable legal sanctions under local, State, or Federal law for the unlawful possession or distribution of illicit substances and alcohol; descriptions of the health risks associated with the use of illicit substances and the misuse of alcohol; a description of the substance use counseling, treatment, or rehabilitation or re-entry programs that are available to students and employees; provides a clear statement that the University will impose disciplinary sanctions on students and employees (consistent with local, State, and Federal law); and a description of those disciplinary sanctions.

I. Standards of Conduct¹ Policies of Maintaining a Drug & Alcohol-Free Workplace²

A. Employees — Controlled Substances

**Controlled Substances Prohibited.** The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited at West Virginia University, including on its property or as part of any of its programs or activities. Further, reporting to work or any University function under the influence of an illicit controlled substance is prohibited.

**Notice to University.** All employees must notify the University of any criminal drug statute conviction for a violation occurring in the workplace no later five (5) days after the conviction.³

B. Students — Controlled Substances

**Prohibited Drug Related Conduct.** As stated in the applicable Campus Student Code of Conduct, the University prohibits the following “drug related conduct.” Specifically, “[p]rohibited drug related conduct” means:

(1) possessing; (2) manufacturing; (3) producing; (4) distributing; (5) selling; (6) possessing with the intent to distribute or sell; or (7) being under the influence of any illicit drug, synthetic drug, or other controlled substance. It also means (8) using any prescribed drug in a manner inconsistent with the prescription; (9) driving or operating a vehicle while under the influence of any illicit drug,

---

³ If the University is operating under a grant, it must notify the granting agency within ten (10) days after receiving notice from an employee. See 41 U.S.C. § 8103(a)(1)(D). See also 48 C.F.R. § 23.504(a)(4), (5).
synthetic drug, or other controlled substance; or (10) intentionally or recklessly inhaling, ingesting, or using in any manner inconsistent with its purpose any chemical, liquid, substance or other compound.\footnote{This provision is found in all three campus codes of conduct, which can be found at the following websites: Morgantown: https://studentconduct.wvu.edu/campus-student-code#heading-number--6 Potomac State College: https://studentexperience.potomacstatecollege.edu/student-life/office-of-student-conduct WVU Tech: https://students.wvutech.edu/files/d/6b77c0c2-6c42-4aef-9ad0-9feaa2a8cb505/bearfacts.pdf}

Failure to abide by these standards of conduct will result in disciplinary sanctions consistent with local, state, and federal law.

C. All Members of University Community — Alcoholic Beverages

Section 4 of West Virginia University Board of Governors Rule 5.5, Use of University Facilities, addresses Alcoholic Beverages at the University. Specifically, the possession or sale of Alcoholic Beverages is prohibited on or in University Facilities, including student housing, except as provided below:

- The possession or sale of Alcoholic Beverages is permissible on or in properly licensed property or Facilities.
- Subject to other applicable laws, Alcoholic Beverages are permissible in dwellings occupied as private residences, including University-owned apartments.
- The possession or sale of Alcoholic Beverages at a Facility may be authorized by the President on a case-by-case basis consistent with the following guidelines:
  - Alcoholic Beverages shall never be the primary reason for a gathering.
  - The majority of persons in attendance must be of legal drinking age.
  - No person under the legal drinking age will be served.
  - Non-alcoholic beverages and food must be served.
  - No person under the age of eighteen (18) may serve Alcoholic Beverages. Servers of Alcoholic Beverages must be appropriately trained to adhere to all laws and regulations regarding the services thereof.
  - No state funds may be used to purchase Alcoholic Beverages.

The entire BOG Rule can be found here: https://policies.wvu.edu.finalized-bog-rules/bog-finance-and-administration-rule-5-5-use-of-university-facilities

Failure by an employee to follow this Rule will subject them to discipline under the terms of the employee’s appointment.

Failure by a student to follow this Rule will subject them to discipline under the applicable campus student code.
II. Disciplinary Sanctions & Penalties Imposed for Violations

As required under 20 U.S.C. § 1011i(a)(1)(E), the University will impose sanctions on students and employees (consistent with local, State, and Federal law as well as University rules and policies) if it determines that violations of the standards governing the use of drugs and alcohol have occurred.

The sanctions imposed will be commensurate with the violation, based on the totality of the circumstances, and will take into consideration all of the relevant facts.

a. Range of Sanctions

i. Any employee found in violation of this provision shall be subject to appropriate disciplinary action, up to and including termination, and/or may be required to participate in a substance use assistance or rehabilitation program, and/or refer for criminal prosecution.

ii. For students, sanctions range from requiring a reflection exercise to expulsion and referral for criminal prosecution. Under the applicable campus conduct code, specifically Section 7, the following sanctions are also available:

Range of Sanctions for Students

Expulsion  Permanent separation of the student from the University. Permanent notification will appear on the student’s transcript. The student may be denied access to University premises, provided that such restrictions are stipulated in the Outcome Letter and bear a reasonable relationship to the violation. If a student is expelled, the student will not receive a refund of any tuition or fees that have been paid to the University. This is reserved for persistent violations of the Campus Student Code or a single violation of marked severity.

Suspension  Separation of the student from the University for a specified period of time. Permanent notification will appear on the student’s transcript. The student may be denied access to University premises and to all other University activities or privileges for which the student might otherwise be eligible, provided that such restrictions are stipulated in the Outcome Letter and bear a reasonable relationship to the violation. Suspended time will not count against any time limits for completion of a degree. If a student is suspended, the student will not receive a refund of any tuition or fees that have been paid to the University. Any student who is serving a suspension may be subject to a review and evaluation meeting prior to re-enrolling to ensure that all conditions of the suspension have been satisfied and that the student is prepared for return. This is reserved for persistent violations of the Campus Student Code or a single violation of marked severity that may not rise to the level of expulsion.

---

7 Additionally, please note that professional students may also be sanctioned pursuant to the professionalism standards of their programs, which may include additional programmatic sanctions.
Deferred Suspension

The student will be given a certain set of expectations, but any suspension will be deferred and does not go into effect as long as the student complies with all requirements during the interim period. In those cases where the student completes all expectations during the interim period, the student's record will show that the sanction was never imposed. In the event that a student fails to comply with a sanction and the Office of Student Conduct has decided to seek the suspension, the student will be given written notice of the apparent failure to comply and of the intent to suspend, and provided an opportunity to be heard prior to a final decision, consistent with this Code.

Probation

A written reprimand for prohibited conduct that specifies a designated period of time and includes the probability of more severe disciplinary sanctions if, during the designated probationary period, the student violates any applicable law or fails to comply with the policies of the West Virginia University Board of Governors, with institutional or campus rules and regulations, or with directives issued by any University official acting in the course of his or her authorized duties.

Warning

A notice in writing to the student that the student is violating or has violated Board of Governors policies, institutional rules and regulations, or the Campus Student Code, and that any further prohibited conduct may result in more severe disciplinary action.

Loss of Privileges

Denial of specified privileges for a designated period of time.

Restitution

Students may be required to make payment to the University or to other persons, groups, or organizations for loss, damage, or injury incurred as a result of a violation of any Campus Student Code. This may take the form of appropriate service and/or monetary or material replacement. Once restitution is satisfied, the student must provide documentation to the Office of Student Conduct.

Other Sanctions

Other sanctions may be imposed instead of or in addition to those specified. For example, students may be subject to dismissal from University housing for disciplinary violations which occur in the residence halls. Likewise, community service, educational classes, fines (if such fines are established by the Office of Student Conduct), and other work or research projects may also be assigned.

The exception being if a student qualifies for amnesty under the applicable campus student conduct code. In general, the codes provide as follows:

Bystander: Any student or student organization who, in good faith and in a timely manner, seeks emergency medical assistance for a person who reasonably appears to be experiencing an overdose from alcohol or drugs may not be held responsible for a violation of prohibited alcohol or drug related conduct only, as defined in this Code, if the student or student organization does all of the following:

a) Remains with the person who reasonably appears to be in need of emergency medical assistance due to an overdose until such assistance is provided;

b) Identifies himself or herself, if requested by emergency medical assistance personnel, law-enforcement officers, or University officials;

c) Cooperates with and provides any relevant information requested by emergency medical assistance personnel, law-enforcement officers, or University officials needed to treat the person reasonably believed to be experiencing an overdose; and

d) Completes any additional conditions imposed on the student or student organization by the Campus Student Code Administrator.
Distressed Student: If the person who reasonably appears to be experiencing an overdose from alcohol or drugs is also a student, he or she will not be held responsible for a violation of prohibited alcohol or drug related conduct, as defined in this Code, but may be required to complete additional conditions imposed by the Campus Student Code Administrator in order to receive amnesty.

Additional resources for alcohol and other drug education, can be found here: https://safety.wvu.edu/safety-on-campus/medical-amnesty

This provision only applies to violations of this Code. As it relates to any criminal prosecution, students should see the West Virginia Alcohol and Drug Overdose Prevention and Clemency Act, W. Va. Code §§ 16-47-1 to -6, which can be found here: http://www.legis.state.wv.us/wvcode/Code.cfm?chap=16&amp;art=47#47

III. Campus Programming and Resources for Students, Staff, and Faculty

Resources for Students

i. Counseling and Treatment
   a. Student Assistance Program (SAP); (304) 293-4431
      i. The purpose of SAP is to educate students about the nature and consequences of substance misuse. This is done through individual assessment, individual and group counseling, and educational activities. Self-referrals are welcomed.

ii. Recovery Support
   a. Collegiate Recovery Program; (304) 293-2547
      i. The CRP supports students in recovery by promoting a healthy, balanced, and meaningful life on campus. Through activities centered around health, wellness, adventure, community, service, and fun, the WVU CRP’s goal is to provide the support and resources necessary for students to thrive in their recovery and develop meaning and purpose as they move forward in life.

iii. Substance Use Education
   a. Voices for Change
      i. Incoming first year and transfer students under the age of 24 are required to complete an online education module entitled “Voices for Change.” This program covers safer substance use, sexual violence, hazing, bullying, identity, and inclusion.
      ii. This program is facilitated by WELLWVU
      iii. WVU requires students complete a second online training, “Alcohol Refresher” approximately 45 days after arriving on campus. This is provided by the same vendor.

b. ScreenU
   i. ScreenU is a web-based, anonymous screening tool which helps to identify students who are at-risk of negative consequences from substance misuse. This is available through WELLWVU.
c. eCheckup to Go
   i. Online prevention interventions for alcohol, cannabis, and tobacco. Programs provide students with personalized feedback regarding their substance use. Available through the SAP program and the Office of Student Conduct.

d. WELLWVU Substance Use Education
   i. The department responsible for health promotion and education implements campus programming, presentations, and health communication campaigns. Campus programming includes hydration stations, a cannabis panel, TIPS training, and bartender school (standard drink size education).

Resources for Staff and Faculty

i. Faculty and Staff Assistance Program (FSAP)
a. West Virginia University has established awareness programs for faculty and staff through the Faculty and Staff Assistance Program (FSAP). Educational programs have been established by FSAP for the purpose of educating employees about the nature and consequences of substance misuse. This program informs individuals about the policy of maintaining a substance-free workplace and addresses the dangers of substance use in the workplace, as well as provide the appropriate education, consultation, and referral information. The Faculty and Staff Assistance Program (FSAP) may be reached at (304) 293-5590.

ii. Effective March 17, 1989, the University will:
   1. Notify employees of the policy regarding a substance-free workplace;
   2. Provide a copy of the policy and procedures as part of the award package on all grants received by the University;
   3. Provide a copy of the policy to each new employee at the time of initial employment processing;
   4. Notify the contracting agency or others, if required, within ten (10) days after receiving notice from an employee or otherwise receiving notice of a drug related conviction;
   5. Impose sanctions as stated earlier within thirty (30) days of receiving notice from an employee of a criminal drug statute conviction in the workplace.

Below is a list of Support & Treatment Centers available to students and employees at West Virginia University:

**WVU Morgantown Campus**
1. WVU Carruth Center for Psychological and Psychiatric Services: (304) 293-4431
2. Student Assistance Program (SAP)/Substance Abuse: (304) 293-4431
3. WVU Faculty and Staff Assistance Program (FSAP): (304) 293-5590
4. Collegiate Recovery Program (CRP): (304) 293-2547
This list of treatment facilities and services is not intended to be exhaustive; it is merely a helpful list of some contacts in areas around West Virginia University campuses. West Virginia University is not affiliated with and does not accept liability for any services, treatment, or counseling provided by these third-parties or their employees for any acts of misfeasance, nonfeasance, or malfeasance by same. The individual and his or her family should conduct reviews of these facilities before accepting their services.

V. Description of Applicable Legal Sanctions for Unlawful Possession & Distribution of Illicit Drugs & Alcohol

a. Local Ordinances

i. **Morgantown.** Intoxication or drinking in public places and illegal possession of alcoholic liquor or beer is prohibited by 521.06 of the Morgantown Municipal Code. A violation of this provision is a misdemeanor for a first offense. Section 529.03 of the Municipal Code addresses controlled substances and provides, in relevant part as follows: “Except as authorized by West Virginia Code Chapter 60A, no person shall manufacture, deliver or possess with intent to manufacturer or deliver, a controlled substance[].” Notably, whoever violates this provision, since there is no specific penalty provided, shall be fined not more than five hundred dollars ($500.00), with the exception of possessing no more than 15 grams of marijuana, which, pursuant to Section 529.99, has a penalty of a fine of no more than fifteen ($15.00).

ii. **Beckley.** Public intoxication, under Section 10-15 of the Beckley Code of Ordinances, is prohibited as well as underage possession under Section 10-56. Moreover, Section 10-32 of the Beckley Code of Ordinances provides that “[i]t shall be unlawful for any person knowingly or intentionally to possess an amount of marijuana, less than fifteen (15) grams in weight, unless the marijuana was obtained directly from, or pursuant to, a valid prescription or order of a practitioner while acting in the course of such person’s professional practice.” The penalties for violation of Beckley ordinances is set forth in Section 1-8 and generally provides “the violation of any such provision of this Code or of any such ordinance, resolution, rule, regulation or order shall be punished by a fine not exceeding two thousand dollars ($2,000.00).”

iii. **Keyser.** The City of Keyser also prohibits the manufacture, delivery or possession with intent to manufacturer or deliver a controlled substance classified in Schedule V under West Virginia Code 60A-2-211 or 60A-2-212. If found guilty, Section 501.99 provides that the individual shall be fined not more than five hundred dollars ($500.00) or imprisoned not more than thirty days, or both.

---

9 City Code of Morgantown, West Virginia, which can be found at the following website: http://library2.amlegal.com/nxt/gateway.dll/West%20Virginia/morgantown_wv/citycode?f=templates$fn=default.htm$3.0$vid=amlegal:morgantown_wv
10 Agenda, Morgantown City Council (Feb. 4, 2020), the link to which can be found at the following website: https://www.morgantownwv.gov/AgendaCenter/ViewFile/Agenda/_02042020-1270
b. West Virginia Law

Chapter 60A of the West Virginia Code sets forth the applicable state laws regarding controlled substances. It is known as the West Virginia Uniform Controlled Substance Act and is modeled after the Uniform Controlled Substance Act, which is similar to portions of the Federal Comprehensive Drug Abuse Prevention and Control Act, 21. U.S.C. § 801.\(^\text{13}\)

In general, except as authorized by the Act, “it is unlawful for any person to manufacture, deliver, or possess with intent to manufacture or deliver a controlled substance.” W. Va. Code § 60A-4-401(a).\(^\text{14}\) Furthermore, “is unlawful for any person knowingly or intentionally to possess a controlled substance unless the substance was obtained directly from, or pursuant to, a valid prescription or order of a practitioner while acting in the course of his or her professional practice, or except as otherwise authorized by” the Act. W. Va. Code § 60A-4-401(c).\(^\text{15}\)

The punishment for violations of the Act range from imprisonment in a state correctional facility for not less than one year or more than fifteen years, or fined not more than $25,000, or both fined and imprisoned for Schedule I or II controlled substances to confinement in jail for not less than six months nor more than one year, or fined not more than $5,000, or both fined and confined for Schedule V controlled substances. Notably, W. Va. Code § 60A-4-415 prohibits the unlawful manufacture, delivery, transport into the state, possession of fentanyl, and upon conviction thereof a person shall have committed a felony and be punished, depending on the weight, anywhere from imprisonment in a correctional facility for not less than two nor more than ten years, to potentially imprisoned in a correctional facility for not less than four nor more than twenty years for five (5) grams or more.

c. Federal Statutes

The possession and distribution of illegal drugs under federal law is primarily governed by, among other statutes, 21 U.S.C. § 841 and 21 U.S.C. § 844. Under 21 U.S.C. § 841, it is unlawful for any person knowingly or intentionally “to manufacture, distribute, or dispense, or possess with intent to manufacture, distribute, or dispense, a controlled substance” or “to create, distribute, or dispense, or possess with intent to distribute or dispense, a counterfeit substance,”\(^\text{16}\) whereas 21 U.S.C. § 844 provides that is unlawful “for any person knowingly or intentionally to possess a controlled substance unless such substance was obtained directly, or pursuant to a valid prescription or order, from a practitioner, while acting in the course of his professional practice . . .”\(^\text{17}\)

\(^{13}\) Chapter 60A, Notes to Decisions, Derivation of chapter (Lexis 2020).

\(^{14}\) Under the Act, there are three types of prohibited acts, A, B, and C. For purposes of this booklet, prohibited acts A contains the prohibitions on possession and distribution, which is based on the schedule of drug involved. See W. Va. Code § 60A-4-402 and -403.

\(^{15}\) This also applies to counterfeit and imitation controlled substances in some circumstances. See W. Va. Code § 60A-4-401(b), (d).

\(^{16}\) 21 U.S.C. § 841(a)(1)-(2).

\(^{17}\) 21 U.S.C § 844(a).
Specifically, the following controlled substances are mentioned in 21 U.S.C. § 841:
heroin, cocaine, ecgonine, cocaine base, phencyclidine (PCP), lysergic acid diethylamide
(LSD), N-phenyl-N-[1-(2-phenylethyl)-4-piperidinyl] propanamide, marihuana, and
methamphetamine, its salts, isomers, and salts of its isomers.

The penalties for violating federal laws governing controlled substances depends on
a variety of factors, such as the controlled substances involved, the amount of controlled
substances, where the alleged offense took place, and any other relevant factor under the
United States Sentencing Guidelines.\textsuperscript{18} The penalties range from probation/supervised
release, to mandatory minimum sentences of not less than ten years or more, to life in prison.
The mandatory minimum increases for factors such as whether death or serious bodily injury
results, and whether there have been two or more prior convictions.\textsuperscript{19}

\textsuperscript{19} 21 U.S.C. § 841(b)(1); see also 21 U.S.C. § 844(a).
